TitanHQ's Email Security, Web Filtering and Email Archiving provides you with peace of mind at great value for money with no requirement for on premises visits as everything is cloud based.

**EMAIL ANTI-SPAM,
PHISHING PROTECTION
AND MALWARE BLOCKING**

Cleaning your organisation's email and protecting against risky spam and malware.

**DNS BASED SECURITY
AND WEB CONTENT
FILTERING**

Providing the best content filtering and malware protection for your company and staff when online.

**COMPLIANT
CLOUD-BASED
EMAIL ARCHIVING.**

Allowing to securely archive your organisation's emails and simply retrieve these archived emails.

SPAMTITAN EMAIL SECURITY

SpamTitan is a multi-award winning Anti-Spam solution, it protects businesses like yours by blocking spam, viruses, malware, ransomware and links to malicious websites from emails. Its advanced phishing protection prevents whaling and spear

phishing by scanning all inbound emails in real time, while also providing protection from zero day attacks because of its ability to anticipate new attacks using predictive technology.

“SpamTitan has saved me and my company time, and has some of the best support people around”

BENJAMIN JEFFREY, DIRECTOR - M&M GOLF CARS

WEBTITAN WEB FILTERING

A vital web security and protection layer for your business. WebTitan is an advanced web filtering solution providing both protection from HTTP and HTTPS security threats as well as advanced DNS filtering control to businesses like yours. Its real-time

updates means newly identified threats are immediately circulated to database deployments worldwide to provide maximum coverage and protection against emerging, zero-hour threats.

“WebTitan is the most fundamentally, widely used, robust and effective system”

RANDY QUIS, SOFTWARE ENGINEER - SHOPIFY

ARCTITAN EMAIL ARCHIVING

ArcTitan is an email archiving product that allows users to securely archive your organisation's emails and simply retrieve these archived emails. With ArcTitan you're able to store and access emails as required, with automatic back up, meaning no tape machines/discs or off-site storage is required

and no question when it comes to data recovery. ArcTitan features lightning fast search and retrieval tool that has a load performance of more than 200 emails per second from your email server, meaning your emails are archived and retrievable instantly.

“ArcTitan is fast, scalable, very easy to operate and has all the email archiving features a company needs to have”

JESSE GUSMAO, IT MANAGER - SAMARITANO HOSPITAL
